Current Job Opportunity

Job Title	Senior Architectural Visualisation	Date Posted	1 October 2018
Location	Sydney	Reference Code	WP/3DVIS
Employment Type	Full-Time		

Job Description

Bates Smart seeks a talented Architectural Visualisation Artist to join our Sydney studio. The position will be suitable for candidates that have previous experience in creating highly detailed architectural visualisations and be collaborative in nature with a minimum of 4 years' experience in an architecture environment.

The successful candidate will be working as part of our 3D visualisation team and closely collaborating with project teams from both Sydney and Melbourne offices, in visualisation projects ranging from architectural competition works, project phases and marketing visuals.

We look forward to welcoming someone with:

- / A keen eye for detail including lighting, composition and materiality through a folio of interior and exterior architectural imagery
- / Advanced mastery of Autodesk 3ds MAX and V-Ray
- / Experience with Corona, Unreal Engine, After Effects or similar compositing software would be preferred but not essential
- / Experience working in a Revit - 3ds Max - Vray non-destructive pipeline
- / An impressive portfolio of highly detailed exterior and interior imagery
- / Ability to drive the image creation process in a dynamic team environment working towards a shared goal of design excellence
- / A willingness and a passion to continually develop your craft
- / Great communication and collaboration skills with the ability to collaborate on multiple projects within the architectural design process

Our Employment Philosophy

Bates Smart believes in its individuals. We support cultural and gender diversity and aim to provide employees with a challenging and exciting work environment.

We strive to invest in our people and to bring out individual talents. We build trust and foster strong working relationships both internally and externally. We want to be the place where you want to work.

Some of our initiatives include:

- / An 'All Roles Flex' policy allowing the option for flexible working arrangements
- / Training and professional development opportunities
- / A social program that includes activities such as regular staff morning teas, team and sporting events, fundraising and charitable events, Friday night drinks, and guest speaker events
- / Variety of work to suit different interests, experience and goals, as well as the opportunity for individuals to move between different types of projects and sectors
- / Paid study leaves for permanent employees whose study is specifically related to their work at Bates Smart
- / Opportunities to be involved in internal research projects resulting in the publication of our White Papers and Bates Smart Journal articles on design innovation and trends
- / Exposure to leading technologies in virtual reality and computational design

To Apply

To be eligible and considered for this position you must hold a valid work permit in Australia. Please submit your resume and portfolio (less than 10MB) to careers@batessmart.com with the following reference in the subject line - **WP/3DVIS**
