### Current Job Opportunity

<b>Job Title</b>	BIM Coordinator	<b>Date Posted</b>	4 June 2021
<b>Location</b>	Sydney	<b>Reference Code</b>	WP/BIM-C
<b>Employment Type</b>	Full-Time		

#### Job Description

Bates Smart is looking for a skilled BIM Coordinator to join our award winning architectural and interiors team at our Sydney studio. The BIM Coordinator is responsible for overseeing the facilitation of BIM across their Projects.

This is a mid or senior level position requiring experience within health, Multi Residential, Hospitality or Commercial projects with a minimum of 5+ years' experience.

The successful candidates will join a passionate creative team working across a broad range of exciting projects, leading the BIM and working with external BIM Coordinators. You will have strong technical and communication skills and the ability to lead and train others.

#### Preferred Skills and Experience

- / Relevant qualification in Architecture, Computational Design or equivalent
- / Minimum 5 years project-based experience in the industry
- / Solid Revit Architecture experience
- / Passion & curiosity for BIM technologies
- / Ability to work in an advisory role as well as project team role
- / Some knowledge of 3Ds Max, Rhino, Sketchup, Navisworks, CAD documentation experience
- / Some knowledge of the Adobe suite package

#### Our Employment Philosophy

Bates Smart believes in its individuals. We support cultural and gender diversity and aim to provide employees with a challenging and exciting work environment.

We strive to invest in our people and to bring out individual talents. We build trust and foster strong working relationships both internally and externally. We want to be the place where you want to work.

Some of our initiatives include:

- / An 'All Roles Flex' policy allowing the option for flexible working arrangements
- / Training and professional development opportunities
- / A social program that includes activities such as regular staff morning teas, team and sporting events, fundraising and charitable events, Friday night drinks, and guest speaker events
- / Variety of work to suit different interests, experience and goals, as well as the opportunity for individuals to move between different types of projects and sectors
- / Paid study leaves for permanent employees whose study is specifically related to their work at Bates Smart
- / Opportunities to be involved in internal research projects resulting in the publication of our White Papers and Bates Smart Journal articles on design innovation and trends
- / Exposure to leading technologies in virtual reality and computational design

Salary negotiable based on experience.
